

e-Portfolios & Resumés

Improve student learning, faculty teaching and institutional effectiveness with a lifelong learning tool.

- **Document** personal, academic and professional activities
- **Reflect** on work as a basis for improvement
- **Distribute** multimedia portfolios and resumés
- **Engage** with others in a powerful learning environment

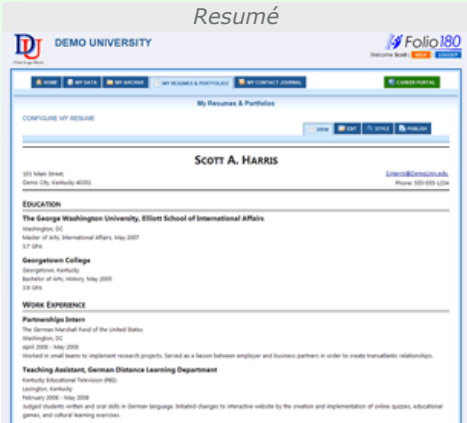

Students Can

- **Collect** their academic, professional and personal activities and accomplishments
- **Select** and upload supporting items
 - Documents
 - Photos
 - Videos
 - Audio recordings
- **Reflect** on the strengths and weaknesses of their work as a basis for improvement
- **Distribute** multimedia portfolios and resumés to support applications for jobs, internships, scholarships and admissions to schools
- **Engage** with others through feedback and dialogue related to their work
- **Transport** their data and e-portfolios with them throughout their school years and their careers

Institutions Can

- **Foster holistic development** by mentoring and monitoring students' personal and professional growth
- **Document institutional effectiveness** by collecting, evaluating and showcasing learning and development
- **Improve learning foundations** by strengthening pedagogy, curriculum, educational practices and co-curricular integration
- **Enhance student placement** (in jobs, internships, graduate and professional schools) through documentation of student talents and accomplishments
- **Provide a student-centered and institution-centered tool** with e-portfolios focused on both learning and assessment

Faculty Can

- **Improve student learning** by fostering intellectual development, engagement and retention
- **Improve student development** by enhancing academic and career success
- **Improve learning processes** by promoting self-reflection and feedback from peers and teachers
- **Improve teaching** with rubric-based and qualitative assessments
- **Improve curriculum** through faculty reflection on assessment results

Features

- **Quick setup** functionality: installation in days and modifications in minutes
- **Easy-to-create** text-based and multimedia portfolios and resumés
- **Easy-to-use** methods to document reflections from students and comments from instructors (and others)
- **Powerful** styling to allow portfolios and resumés to be personalized with thousands of options
- **Student-centered and institution-centered** portfolio features
- **Flexible** tagging system to allow activities to be reported for alternative uses (e.g., co-curricular transcripts and engagement reporting)
- **Context-sensitive** narrative and video help systems
- **Versatile** administrative "back door" to allow access to students' activities
